NEUTRAL WHITE LIGHT

- Utilizes CREE XP-G2 R5 neutral white LED
- Better color rendering and penetration

A person is running away from the camera on a paved path at night. The path is illuminated by a wide, bright beam of light from a headlamp, creating a large, smooth pool of light on the road surface. The surrounding area is dark, with trees and bushes visible on either side of the path. The runner is wearing a green shirt and black shorts, and a headlamp is visible on their head.
