Fenix HL30 2015 Announcement

FENIX

Illuminate Your Adventure

Lights Up Your Every Step

Fenix HL30 2015 headlamp

Features exclusive broad beam system

*Max **230** Lumens*

Featuring Fenix exclusive broad beam system, the HL30 headlamp illuminates the entire scene with unmatched clarity and consistency in camp, hobby or work situations. Powered by 2 AA batteries, HL30 delivers a 230-lumen output and runs for 150 hours on low mode. The integrated red light protects night vision while making map reading easy even under adverse conditions.

HL30 2015

Max 230 Lumens

Champagne Gold

Grass Green

HL30 2015

Max 230 Lumens

- Max 230 lumens
- Broad Beam System
- Red light and red light flash mode
- Fast, convenience dual button switch

HL30 2015

Max 230 Lumens

Utilizes Cree XP-G2 R5 LED

with 50,000 hours lifespan, and a max 230 lumens.

HL30 2015

Max 230 Lumens

Exclusive broad beam systems

Provides outstanding flood light with an
80 degree broad view of the surroundings.

HL30 2015

Max 230 Lumens

The usage of red light

Constant-on: easier on the eyes and preserve your night vision.

Flash: for warning, positioning and searching.

HL30 2015

Max 230 Lumens

Fast and convenient dual button switch

White Light Switch

- Press the switch to turn on the headlamp.
- Press and hold the button for 0.5 seconds to turn off the headlamp.
- Press the switch to cycle through three brightness levels in order of high→low →mid when the light is turned on.
- Press and hold the switch for 1.2 seconds to active burst mode.
- The light will return to the general mode by pressing the white light switch.

Red Light Switch

- Press the switch to active the red light mode.
- Another press allows switching among Constant–on→Flash→SOS.
- Press and hold the switch for 0.5 seconds to turn off the lamp.

HL30 2015

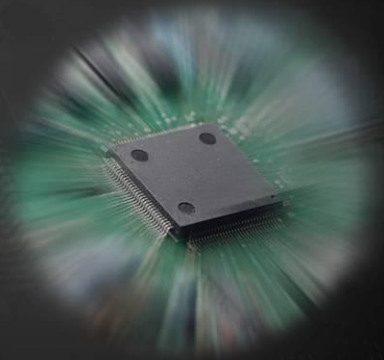
Max 230 Lumens

Powered by two AA batteries (Ni-MH or Alkaline)

Readily-available and low using cost.

HL30 2015

Max 230 Lumens



Intelligent memory circuit

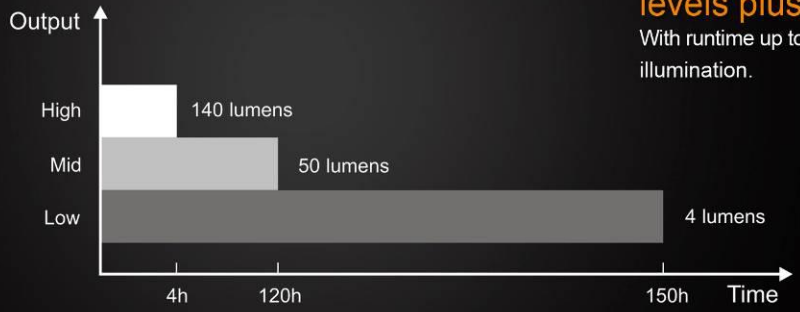
Automatically enters the previous used brightness levels when turned on.

HL30 2015

Max 230 Lumens

Three distinct brightness levels plus Burst mode

With runtime up to 150 hours for long-time illumination.



HL30 2015
Max 230 Lumens
Integrated structure design
Light weight and compact,
easy to carry.

HL30 2015

Max 230 Lumens

60-degree rotatable design

Adjusts the beam where needed.

IPX-6 water resistant rating

Protects against heavy splash and rain.

HL30 2015

Max 230 Lumens

ANSI/NEMA FL 1		General Mode				Red Light		
		Burst	High	Mid	Low	Constant-on	Flash	SOS
Output		230 Lumens	140 Lumens	50 Lumens	4 Lumens	1 Lumen	1 Lumen	50 Lumens
Runtime	Ni-MH Battery	2h 25min	4h	12h	150h	/	/	/
	Alkaline Battery	2h	3h 30min	14h	160h	/	/	/
Distance		51m						
Intensity		665cd (Max)						
Impact Resistance		1m						
Waterproof		IPX-6						

The above-mentioned parameters (lab tested by Fenix according to ANSI/NEMA FL1 standard using 2500mAh Ni-MH batteries and the included Alkaline AA batteries) are approximate and may vary between lights, batteries and environments.

HL30 2015

Max 230 Lumens

- Utilizes Cree XP-G2 R5 LED and Nichia red light LED, with a lifespan of 50,000 hours respectively
- Powered by two AA (Ni-MH or Alkaline) batteries
- 70mm×47.5mm×37.5mm (2.8"×1.9"×1.5")
- 86.6-gram weight (3.05oz) excluding batteries
- 4 brightness levels, red light and red light flash mode
- Fast, convenience dual button switch
- Digitally regulated output maintains constant brightness
- Reverse polarity protection guards against improper battery installation
- Made from durable aluminum alloy and performance plastic

HL30 2015

Max 230 Lumens

Included in the package

- HL30 2015 headlamp×1
- Top Headband×1
- Spare O-ring×1
- AA battery (Alkaline)×2
- User manual×1
- Warranty card×1
