Fenix HP30 Announcement

HP30

Outdoor leader

Hands-free pathfinding power

Extended reach and USB device charging capability
from belt-mounted 18650 batteries

HP30

MAX 900 Lumens

The Fenix HP30 Headlamp employs high-capacity, belt-mounted 18650 cells to generate 900 lumens in Burst mode, 500 lumens in High output. An extended 233m beam distance reaches farther while the detachable diffuser lens switches quickly from spot to flood. When needed, the battery box USB port stands ready to power critical navigation and communication devices.

HP30

Orange-black

HP30

MAX 900 Lumens

- ✦ 900-lumen burst mode
- ✦ Belt-mounted battery box
- ✦ USB output for emergency power
- ✦ Full aluminum housing to shed heat and impact
- ✦ Detachable diffuser lens

HP30

MAX 900 Lumens

900-lumen burst mode

With 233-meter throw for route finding, group hiking and SAR application

HP30

MAX 900 Lumens

When the light is turned off

When the light is turned on

Instant Burst

Allows immediate access of maximum output even when the light is off

HP30

MAX 900 Lumens

Belt-mounted battery box

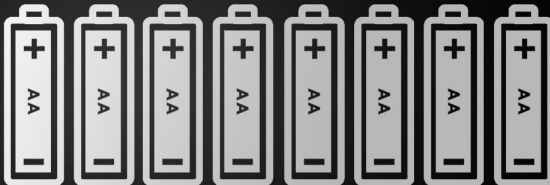

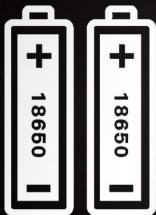

Reduce the weight worn on the head and optimize battery life in cold conditions.

HP30

MAX 900 Lumens

Power options

Powered by two 18650 batteries

Equals to the power of 8 AA batteries but weight 56% less and 47% smaller in size.

The light also works with four CR123A batteries.

HP30

MAX 900 Lumens

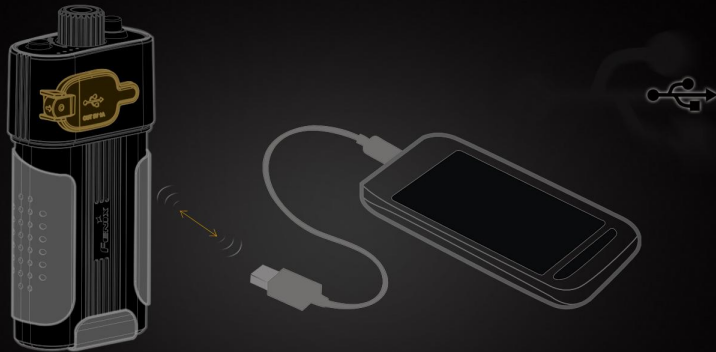

Battery fuel gauge
With simple press-to-check operation

HP30

MAX 900 Lumens

USB output for emergency power

HP30

MAX **900** Lumens

*Full aluminum housing to
shed heat and impact*

HP30

MAX 900 Lumens

Detachable diffuser lens

Allows quick switch from spot beam to flood beam in a single movement

Flood

HP30

MAX **900** Lumens

Eco(4 Lumens)

Low (65 Lumens)

Mid (200 Lumens)

High (500 Lumens)

Burst (900 Lumens)

Four brightness levels and Burst mode

Chose an ideal brightness level to best suit your adventure

HP30

MAX **900** Lumens

IPX-6 water resistant rating

Protect against heavy splash and rain

HP30

MAX 900 Lumens

60-degree tilt mechanism
Adjusts the beam where needed

HP30

MAX 900 Lumens

Lockout design
Prevents accidental activation

HP30

MAX 900 Lumens

ANSI/NEMA FL 1	Burst	General Mode				SOS
		High	Mid	Low	Eco	
OUTPUT	900 lumens	500 lumens	200 lumens	65 lumens	4 lumens	200 lumens
RUNTIME	/	3h50min	12h	32h40min	300h	/
DISTANCE	233m(Max)					
INTENSITY	13538cd(Max)					
IMPACT RESISTANT	1m					
WATER RESISTANT	IPX-6					

Fenix products are strictly in line with ANSI Standard, the testing data are more scientific and specific.

HP30

MAX 900 Lumens

- ✦ Utilizes Cree XM-L2 LED with a lifespan of 50,000 hours
- ✦ Uses two 18650 batteries or four CR123A batteries
- ✦ Light size: 69.9mm (Length) × 55.9mm (Width) × 43.8mm (Height)
- ✦ Battery box size: 116.6mm (Length) × 56.3mm (Width) × 29.6mm (Height)
- ✦ 276.5-gram weight (excluding batteries)
- ✦ Digitally regulated output maintains constant brightness
- ✦ Lockout function - prevents the light from accidental activation
- ✦ Detachable diffuser lens
- ✦ Remote battery case with USB output
- ✦ 60-degree tilt mechanism
- ✦ Reverse polarity protection guards against improper battery installation
- ✦ Made from durable aluminum alloy and performance plastic
- ✦ Toughened ultra-clear glass lens with anti-reflective coating
