

SAFETY DATA SHEET

Date Issued: December 17, 2014

Item No: WAK1014 C - C947H

Section I - Identification and Emergency Information

Manufacturer's Name	Noritake Coated Abrasive Co.,Ltd
Address (Street, Ward, City, Pref., Zip, Country)	Azabu-cho, Miyoshi-City ,Aichi-Pref , 470-0206 Japan
Trade Name	Coated Abrasive Paper
Emergency Telephone No.	81-561-32-2235

Section -Hazards Identification

Human health	The hazardous properties of the product are considered limited.
Environment	The product is not expected to be hazardous to the environment.

GHS classification: Please refer to the attached sheet.

Section Composition/Information on ingredients

The product contain the following ingredients

name	Contents(by weight)	CAS Number
Silicon carbide (SiC)	10 ~ 55%	409-21-2
Calcium carbonate (CaCO ₃)	1 ~ 10%	471-34-1
others	45 ~ 90%	-

Section -First-Aid measures

Inhalation	If uncomfortable during-raising work : Move into fresh air and keep at rest.
Skin contact	If uncomfortable during-raising work: Remove contaminated clothes and rinse skin thoroughly with water.
Eye contact	If uncomfortable during-raising work ,flush with plenty of water for up to 15 minutes.
Ingestion	Not likely, due to form of the product

Section V Fire and Explosion Hazard Data

Toxic fumes may occur, Use respiratory protective equipment.

Extinguishing Media : water, foam, sand powder or CO₂
as appropriate for surrounding materials.

Section Accidental release measures

Personal precautions	Avoid inhalation of dust.
Environmental precautions	Not relevant because of the use.
Methods for cleaning up	Not relevant.

Section Handling and storage

Safe handling advice	Avoid inhalation of dust. Observe good chemical hygiene practices.
Technical measures	Work practice should minimize contact.
Technical precautions	Local exhaust is recommended.
Technical measures for safe storage	No special precautions.
Storage conditions	Store flat in a dry place.

Section Exposure controls/Personal protection

Keep exposure to the following components under surveillance

name	Concentration limits	CAS Number
Silicon carbide (SiC)	10mg/m ³	409-21-2
Calcium carbonate (CaCO ₃)	-	471-34-1

Exposure controls

Respiratory equipment	The dust collector is set up as a dust measures, or the entire exhaust is executed if necessary.
Personal protection	During dust-rasing work: Dust mask/respirator.
Hand protection	Wear protective gloves.
Eye protection	Risk of contact: Wear goggles/face shield
Skin protection	No special precautions.
Environmental Exposure Controls	Not available

Section - Physical and Chemical properties

Boiling Point	N.A.	Specific Gravity (H ₂ O = 1)	1.0-2.5
Vapor Pressure (mm Hg)	N.A.	Percent Volatile by Weight(%)	N.A.
Vapor Density (Air = 1)	N.A.	Evaporate Rate	N.A.
Solubility in Water	N.A.	PH	N.A.
Appearance and Odor	N.A.		

Section - Stability or Reactivity

Stability : Coted Abrasives are stable when handled or stored.

Reactivity

Condition to avoid : No decomposition in normal use.

Materials to avoid : No dangerous reactions known.

Hazardous decomposition

: At temperatures exceeding 250 hazardous or toxic decomposition products may be generated.

Section -Toxicological Information

Refer attached hazardous information of component for pure substance.

Section -Ecological information

Mobility	Not relevant
Degradability	Not relevant
Ecotoxicity	The product is not expected to be hazardous to the environment.
Bioaccumulative potential	No data available on bioaccumulation.
Other adverse effects	None known

Section -Disposal considerations

Dispose of waste and residues in accordance with each country requirements.

Section -Transport information

The product is not covered by international regulation on the transport of dangerous goods.

Section -Regulatory information

Observe local/regional/national/international regulations.

Section -Other Information

We referred to the ACGIH material.

The information and recommendation contained herein are to the best of NORITAKE'S knowledge and belief, accurate and reliable as of the date issued. NORITAKE does not warrant or guarantee their accuracy or reliability and NORITAKE shall not be liable for any loss or damage arising out of the use thereof.

The information and recommendations are offered for the user's consideration and examination, and it is the user's responsibility to satisfy itself that they are suitable and complete for its particular use.

* N.A. means Not Applicable *

Allocation of label elements

It marks the corresponding material.	
	Silicon carbide

Physical Hazards

Explosives	Out of classification
Flammable gases	Out of classification
Flammable aerosols	Out of classification
Oxidizing gases	Out of classification
Gases under pressure	Out of classification
Flammable liquids	Out of classification
Flammable solids	Out of category
Self-reactive substances and mixtures	Out of classification
Pyrophoric liquids	Out of classification
Pyrophoric solids	Out of category
Self-heating substances and mixtures	Out of category
Substances and mixtures, which in contact with water, emit flammable gases	Out of category
Oxidizing liquids	Out of classification
Oxidizing solids	Out of classification
Organic peroxides	Out of classification
Corrosive to metals	Classifical not possible

Health Hazards

Acute toxicity:Oral	Classifical not possible
Acute toxicity:Skin	Classifical not possible
Acute toxicity:Inhalation	Out of classification
Acute toxicity:Vapors	Classifical not possible
Acute toxicity:Dusts	Classifical not possible
Acute toxicity:Mists	Classifical not possible
Skin corrosion/irritation	Classifical not possible
Serious eye damage/eye irritation	Classifical not possible
Respiratory sensitization	Classifical not possible
Skin sensitization	Classifical not possible
Germ cell mutagenicity	Classifical not possible
Carcinogenicity	Category 1B
Toxic to reproduction	Category not possible
Specific target organ toxicity(Single exposure)	Category 1 (respiratory system)
Specific target organ toxicity(Repeated exposure)	Category 1 (lungs)
Aspiration hazard	Classifical not possible

Environmental Hazards

Aquatic toxicity(Acute)	Classifical not possible
Aquatic toxicity(Chronic)	Classifical not possible

GHS label elements

Symbol	
Signal word	Danger
Hazard statement	Fear of carcinogenesis. Trouble of respiratory system. Trouble of lungs because of a long term or repetition exposure.
