

Technical drawing A-A shows the side profile of the storage cabinet. The overall height is 1505 mm, and the overall width is 601 mm. The cabinet features a top panel (45 mm thick), three main storage compartments (each 275 mm high), and a bottom compartment (150 mm high). The internal height of the top compartment is 230 mm. The bottom compartment is divided into two sections, each 150 mm high. The cabinet is mounted on four casters. A callout '4' points to the internal shelf structure.
